

FOR IMMEDIATE RELEASE

**WORK, COLLABORATE, MEET, NETWORK, EAT, DRINK AND RELAX
IN THE HEART OF SINGAPORE.**

LWC Pte Ltd launches ClubCo.

Singapore, July 1, 2017 – LWC Pte Ltd has recently launched a new exciting co-working space, ClubCo, which offers tailored membership packages that include F&B services, networking sessions and access to multi-function meeting rooms.

ClubCo is a unique co-working concept in the heart of Singapore. It combines a collaborative work environment and flexible event space with top quality food and beverage options for businesses, start-ups, freelancers and like-minded entrepreneurs who are looking for an innovative workspace and lifestyle experience.

The monthly memberships start from just \$500 for a Collaborative Package and go to \$1,000 for a Touchdown Package or \$1,500 for a Dedicated Package. The tailored packages all come with a Club Membership that boasts exclusive benefits and access to facilities that encourage Members to work, collaborate, hold meetings, network and socialise in one place.

ClubCo has been founded specifically to offer people a space where work and play can intertwine. 100% of the membership fee is matched in credits and can be redeemed on F&B from ClubCo Café and the adjacent Club Meatballs restaurant or on any of the additional ClubCo services, such as event or meeting space usage.

All F&B services and events will simply come off the Member's account until the full membership value has been hit. Even after hitting the monthly spend, Members will enjoy 15% off all full priced F&B and ClubCo services as well as 50% off meeting room bookings.

ClubCo is offering a free 7-day trial so potential Members can try out each of the spaces to have a taste of the new co-working space and see which one works best for them. Site visits are available from Mondays to Fridays 11:00am to 5:00pm. For more information about ClubCo, please visit www.clubco.sg
